

How to Write a Conclusion for an Essay

An essay on the benefits of studying in international schools

All in all, international schools hold the key to building a broad future that students can achieve. (Thesis statement simplified)

They help students develop their own character by learning from their mistakes, without having to face a dreadful penalty for failure. (Thesis statement elaborated) Although some say that kids emerged “spoiled” with this mentality, the results prove the contrary. (Possible counter-arguments are noted)

In fact, without this quality, schools are not much different from jail. (Counter-arguments has proven irrelevant through vivid comparison)

In order for kids to develop successfully, they must learn it all by themselves without being afraid of failure. (Firm opinionated concluding sentences)
